## Steps and tips of GX946 two doors shoe cabinet – black and white

No.	Name	No.	Name	No.	Name	No.	Name
1	Left side panel	6	Upper back bar	11	Right side panel	16	Drawer - right
2	Front bar	7	Fixed shelf	12	Roof panel	17	Drawer - back
3	Bottom panel	8	Thin back board	13	Right door	18	Drawer - front
4	Lower back bar	9	Flexible shelves	14	Left door		
5	Middle back bar	10	Drawer support panel	15	Drawer - left		

Preparation:

Take all the parts out of boxes, and sort them by their shapes. **Please use some material to protect the surface of all panels.**

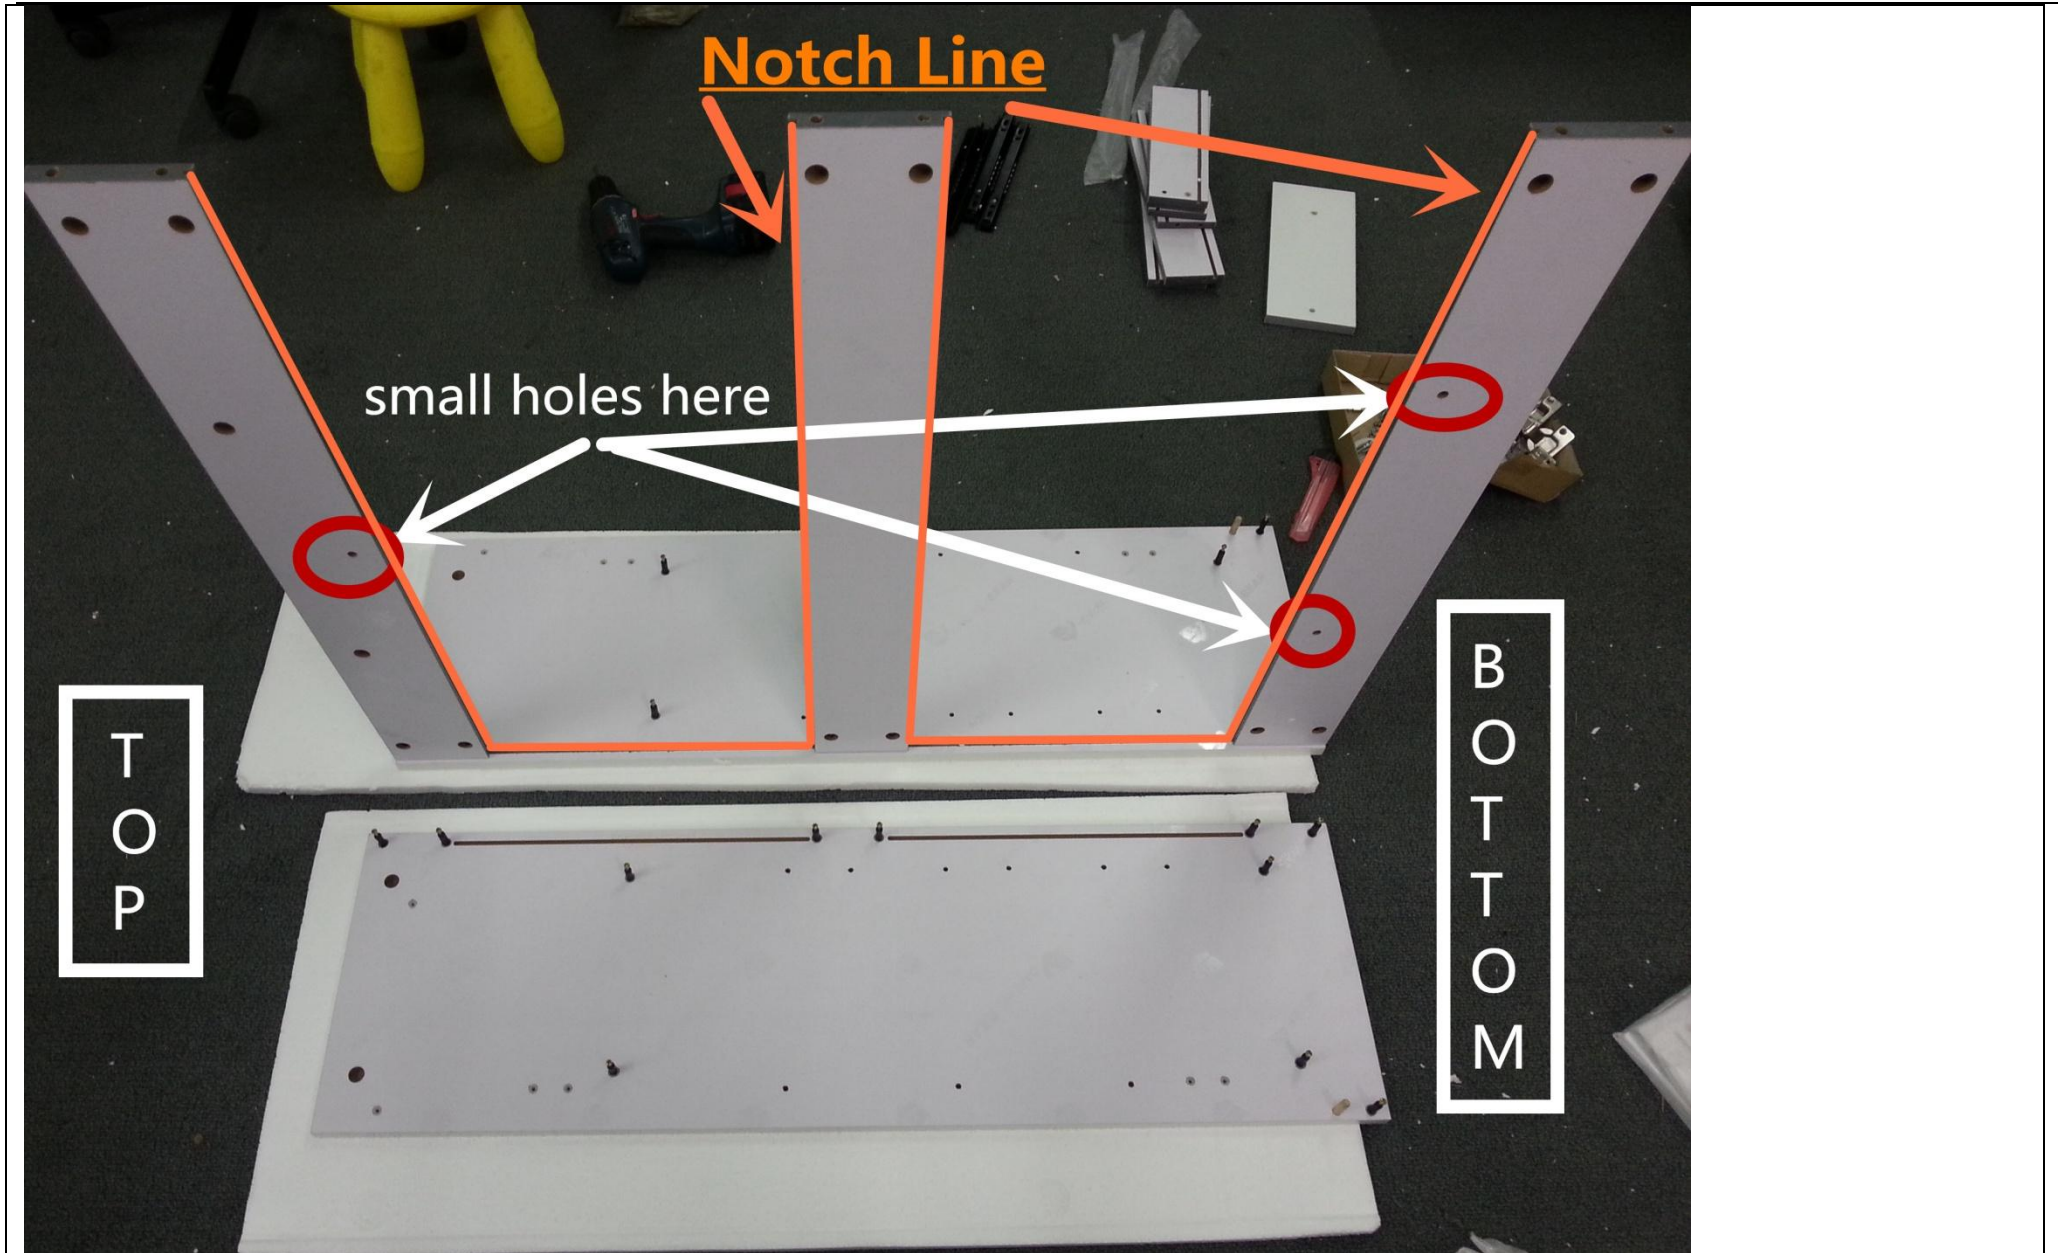

Steps:

1, The first step is to install the side panels. Putting the 2 side panels on the ground and installing all the screws(Part A & C), then you can start. **All the Screws need to be installed tightly that its threaded metal parts need to be put in holes thoroughly.**

2, the second step is to installing three back bars. Pay attention to three different back bars, their holes should face backward.
