

Unit:mm

There will be 1-3mm difference

A poor quality tap has a high concentration of lead, which will badly affect our health.

H & C Control Handle

Easy to operate simply with one hand, and even functions well in a commercial kitchen.

Pull Out

Pull out ABS spray, wash things easily.

Watermark Approval Ceramic Cartridge

Enjoys a smoother shifting and a longer working life.

360° Swivel

Suitable for single or multiple bowl sink, more flexible for use.

Bubbling Filter

Water is mixed with air effectively, with a gentle water flow and reduce spattering and splashing.

Solid Brass

Solid brass construction with Electroplated layer, which has a better durability against corrosion.
