How To Install

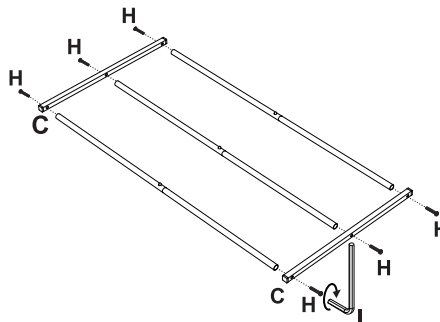

Take one for example. Follow the same way to assemble another one.

- 1** Connect the rod (#A) and rod (#B) one to one into 3 long pieces.

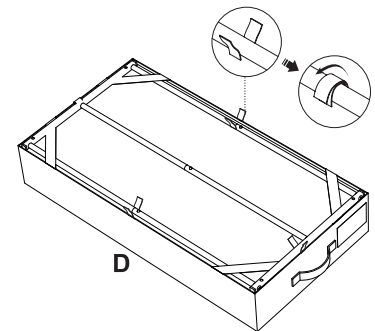

Note: Hold the button until it snaps into the hole to connect the 2 parts.

- 2** Align holes, screw 3 long rods to the two square rods (#C) using screws (#H) and the screwdriver (#I).

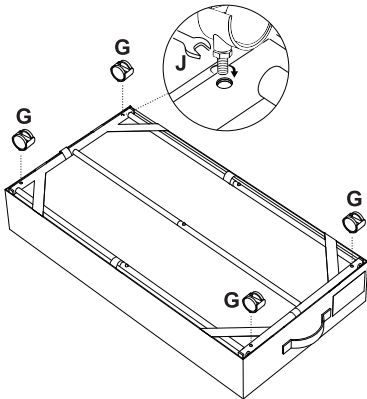

Note: The square apertures at the bottom of both square rods are designed for wheels.

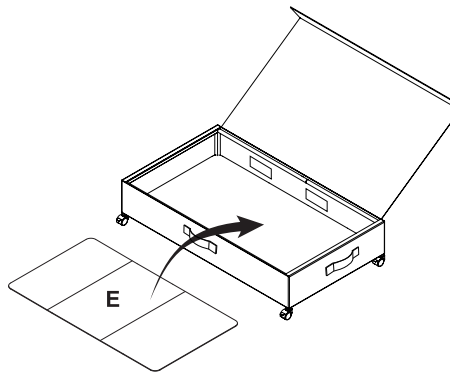

- 3** Snap the assembled metal frame into the elastic of the cloth cover (#D) and wrap tightly with Velcro.

- 4** Use your hands and wrench (#J) to fit the wheels (#G) to the holes in the square rods individually.

- 5** Place the bottom cardboard (#E) into the cloth cover (#D) and press it flat.

- 6** Place the two dividers (#F) into the cloth cover (#D) and secure with velcro.
