

ASSEMBLY INSTRUCTION

PRE-ASSEMBLY PREPARATION

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product.
2. check and ensure that you have all required contents for complete assembly.
3. Always read the assembly instruction carefully before beginning assembly.
4. The packaging and contents can be a choking hazard, therefore keep out of reach of small children at all time.
5. Do not over tighten the bolts as this may damage the thread.

PRODUCT CARE

To protect your furniture, we suggest the following:

- Avoid placing your furniture in direct sunlight.
- Do not place furniture directly under windows.
- Do not place sharp materials (knife, fork, etc.) directly onto your furniture as sharp material may scrape and damage the finish.
- Do not place material with high temperature directly onto the surface of your furniture.
- Clean up spills quickly. Water left over a prolonged period of time may cause damage. Alcohol, perfume, nail polishes, aftershave and some medication may cause severe finish damage if not cleaned immediately.
- Use a clean, soft, dry, lint free absorbent cloth to clean your furniture. Do not use any detergent as they may contain ingredients that may react and damage the finish.
- NOTE: If the above care advise is not adhered to your product warranty may become void
