

ASSEMBLY INSTRUCTIONS

ST 002 TA

Tools required for assembly : **1 x Wrench**

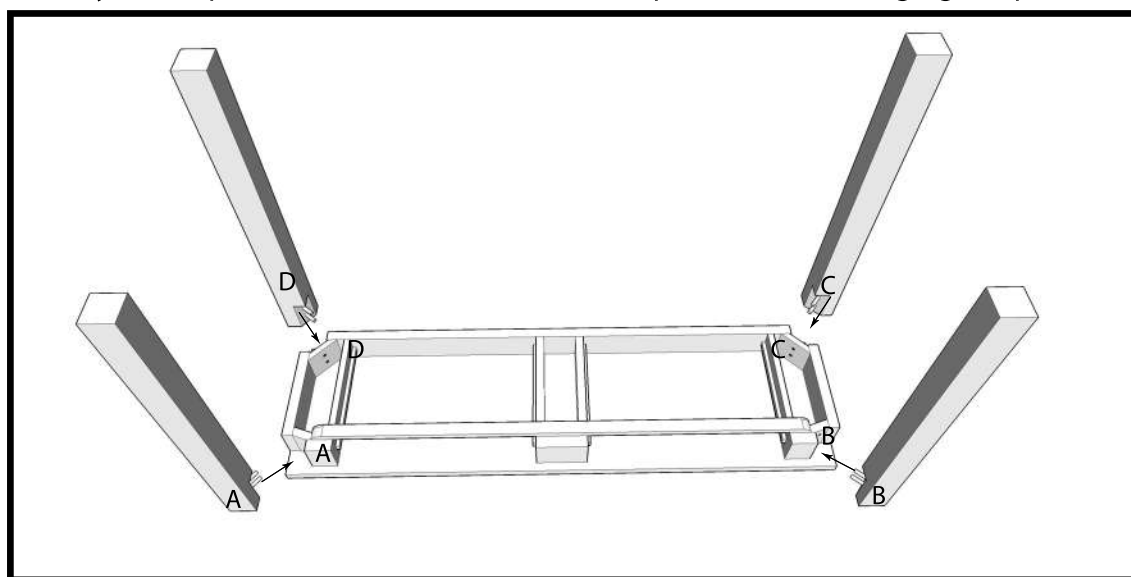

Items Included:

- 1 x Table Top
- 4 x Legs
- 2 x Drawers

Assembly Steps:

1. Prepare the Workspace

- Lay out all parts on a soft surface such as carpet to avoid damaging the product.

2. Attach Legs to Table Top

- Locate the coded stickers on the legs and the corresponding corners of the table top.
- Match the codes on the legs to the codes on the table top corners.

3. Secure the Legs

- Use the wrench provided to tighten the screws attaching the legs to the table top.
- Be careful not to over-tighten the screws to avoid damaging the wood.

4. Final Check

- Ensure all legs are securely attached and the table is stable.
- Place the table in its intended location.

Care Instructions

Solid timber furniture is a valuable investment that can last for generations if properly cared for. Here are some care instructions for maintaining solid timber furniture:

1. Dust regularly: Use a soft, dry cloth or a feather duster to remove dust and debris from the surface of the furniture. Avoid using abrasive materials or harsh chemicals, as they can damage the wood.

2. Avoid direct sunlight: Exposure to direct sunlight can cause the wood to fade or discolor over time. To protect your furniture, avoid placing it in direct sunlight or use curtains or blinds to filter the light.

3. Keep away from heat sources: Exposure to heat can cause the wood to dry out and crack over time. Keep your furniture away from radiators, fireplaces, and other sources of heat.

4. Clean spills promptly: If a spill does occur, clean it up promptly with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that can damage the wood.

5. Apply protective finishes: To provide additional protection against scratches, stains, and other damage, consider applying a protective finish to your furniture. There are a variety of finishes available, including wax, oil, and polyurethane.

By following these care instructions, you can help to maintain the beauty and integrity of your solid timber furniture for years to come.
