ITEM CODE : TVS 205

Important :

Please read these instructions carefully before use and keep for future reference.

- This product is intended for domestic use only and is not designed for commercial use.
- DO NOT assembly / use this item if any components are missing or damaged. Please contact the retailer straight away.
- DO NOT attempt to modify your item as this will void your warranty. Please call the retailer for required parts.
- Assembly to be carried out by a competent adult only.
- During assembly children should be kept away from the product due to possible risk of injury.

Please refer to separate Warranty Certificate for full warranty details and information.

Tips before you start :

- Please check that all parts are present before you start the assembly of your furniture. Please do not start to build your item if any parts are damaged as this may void your warranty. Please contact the retailer immediately so they can advise what you should do.
- For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

Assembly Tips :

1. Please check that all parts are present before you start the assembly of your furniture.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you Identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as Indicated on page 1) to assemble your product safely.
4. We recommend that, where possible, all Items are assembled near to the area In which they will be placed in use, to avoid moving the product unnecessary once assembled.
5. For the protection of your furniture, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
6. During assembly please take care not to over-tighten any fittings, as this may damage the product.
7. Always place the product on a flat, steady and stable surface.
8. Do not stand on the product. Do not use the product as a stepladder.
9. This product is intended for indoor, household use only as it is non industrial product.

Care and Maintenance of your Furniture

- ☒ Please periodically check all fittings and re-tighten as necessary.
- ☒ To clean your Item, please use a damp cloth and wipe clean.
- ☒ Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to de-laminate.
- ☒ Please do not place hot item (e.g. hot drinks) directly on to the wood surface.
- ☒ Please do not drag or pull your furniture.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

Tips before you start :

QUICKFIT

Tighten quickfit until shoulder is flush with panel . Do not overtighten or undertighten.

CAM LOCK

When fitting cam lock , ensure starting position is correct before you insert connecting quickfit.

Quickfit head should be in the center of the cam lock when the two panels are joined .

Cam lock should be inserted before quickfit

Turn cam lock clockwise to tighten.

DRAWER INSTALLATION GUIDE

- Before you insert the drawers into the frame, please ensure that the ball bearing sliders (on the assembled unit) have been placed to the front of the main unit. If the bearings are in the middle of the slider it will be difficult to install the drawers correctly.

- Insert the drawer into the assembled frame as show below. Keep each side of the drawer straight and aligned correctly to the sliders on the assembled frame.

- Gently start to push the drawer into position, the drawer sliders should start to connect with the sliders on the assembled frame. Once connected apply even pressure to each side and gently push the drawer into place.
- The ball bearings should catch the drawer sliders, once they do you may find that you need to apply more pressure, this is perfectly normal as long as you are keeping the drawers straight, push the drawers 100% of the way in. Finally slide drawer in and out a few times to ensure the ball bearings are running smoothly in the slider. Installation is complete.
- At any stage throughout the install process you feel like the drawers are not evenly sliding into the assembled frame, please remove the drawers before they start to attach to the bearing slider and start the install steps again.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

NOTE:

⚠ CAUTION

When removing the drawer, be careful to tip up the safety release tab on the left side, and tip it down on the right side to remove the drawer from the body as shown.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 1

Insert the Dowel (G) into the designated hole as shown.

(G) x36

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 2

Pull out the (K) as in the illustration, then push the button to lever and remove the first component.

Align the designated holes of the slide rail with the holes in the panel and secure with screws (A).

Note: First pull out the second section of the slide rail for a short distance, so that you can see the hole to be fixed in the third section, which is convenient for fixing

(A) x18

(K1) x3 PAIR

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 5

As shown in the picture, the bottom of No. 4 board faces upwards. Align the LEG (L) and screw (F) with the marked holes on the base plate and tighten.

(F) x20

(L) x5

STEP 6

Attach drawer side panel (11 & 12) and drawer support (13) to drawer front (7,8,9 & 10) using CAM NUT (I) as shown.

(9) = 2 PCS
(10) = 2 PCS

(I) x18

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 7

Slot the drawer bottom (14) into the drawer body.

STEP 8

As shown in the picture No. 11,12 & 15 panels are fixed and tightened with screws (D). Align panel No. 15 with the designated hole on No. 13, insert and fix them using the CAM NUT (I) to tighten them 180°.

Tip: Keep the drawer frame on a flat surface to ensure the screws are installed straight and align the panels correctly.

Note: Its important not to over-tighten screws on the drawer sides until all sides are aligned and the drawer base is inserted. Always keep drawer flat in this step so the groove for the base will align correctly.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 9

As shown in the picture, fix the HANDLE(J) on the 7,8,9,10 panel with screws.

STEP 10

Secure the first part of the full extension rail (K2) to the panels 11 and 12 with screws (A) as shown.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 11

As shown in the figure, align the positioning pins at the bottom of No. 1, No. 2, and No. 3 boards with the designated holes on the top of No. 4 board, and then fix the screws (E).

**2 PERSON
ASSEMBLY**

Note: Always use atleast 2
adults to stand the item upright

STEP 12

As shown in the figure, connect the back panels No.5A and No. 5B using H SHAPED SHEET (O) insert into slotted position.

ASSEMBLY 2 PERSON

Note: Always use atleast 2
adults to stand the item upright

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 13

Align the holes at the bottom of panel No.6 with the positioning pins of No. 1,2 and 3 panels, then place CAM NUT (I) into the designated hole and tighten 180°.

2 PERSON
ASSEMBLY

Note: Always use atleast 2 adults to stand the item upright

Note: Please always ensure cams are correctly locked to secure and support your item. Refer to camlock guidelines at the beginning of this manual for future information.

STEP 14

As shown in the picture, fix the L-BRACKET (N) to the bottom of the left and right sides of No. 6 panel with screws (B).

Note: Refer to the wall hanging guidelines for further information

Note: Please refer to the following page for full information on wall bracket.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 15

As shown in the picture, pull out the fully extension slide to align with the first section on the drawer, and push it in.

A

- PUSH THE ROLLER OF K1 TO THE FRONT SIDE OF THE BODY.

B

- ALIGN K2 ON LEFT & RIGHT TO K1 AT THE CORRECT POSITION.

C

- PUSH IN LEFT & RIGHT SIDE OF THE DRAWER INTO THE BODY SIMULTANEOUSLY.
- WHEN THE DRAWER IS PUSHED IN HALF WAY, THE STOPPER ON K2 WILL BE ENGAGED INTO K1. THIS WILL CAUSE THE PUSHING A BIT TIGHT. [PULL OUT THE DRAWER A LITTLE BIT AND SLOWLY PUSH IN THE DRAWER AGAIN TO CHECK WHETHER THE DRAWER IS STUCK I THE DRAWER GLIDE IS INSTALLED CORRECTLY.)
- DO NOT PUSH IN THE DRAWER IF THE DRAWER IS STUCK OR CANNOT BE PUSHED IN SMOOTHLY. TAKE OUT THE DRAWER AND REPEAT STEP 1 & 2.

BAYVILLE 6 DRAWER DRESSER

ITEM CODE : TVS 205

STEP 16

Insert the back panel connector (M) into the slot on the edge of the back panel and fix it with screw (C).

Note: It is important to correctly attach the back ply stoppers as this will help support and stabilise your item

Wall Mounting & Fixing Guide

NOTE: Supplied wall plugs are only suitable for use in masonry walls.

If you have any doubts about using the correct plug for your wall, please seek professional advice. Failure of the product due to using incorrect fixings is the responsibility of the installer.

IMPORTANT:

When drilling into walls, always check for hidden wires or pipes, etc.

Tips & Tricks

Make sure that the hardware used is suitable for supporting your unit.

Please consult a qualified tradesperson if unsure.

- ✓ If you are unsure, please select a larger screw and wall plug.
- ✓ Ensure that you use the recommended drill bit to match the wall plug and hole size.
- ✓ Take extra care when drilling high walls, ceiling and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid splitting or cracking.
- ✓ Ensure that wall plugs are well fitted and are a tight fit in the drilled hole.

Types Of Walls

Use one of the following types of wall plug (not included) if your walls are made of brick, breeze block, concrete, stone or wood. Screws may be able to be fixed directly to solid wood walls as they will provide a secure anchor point.

1. General Purpose Wall Plug

Generally, aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

2. Plasterboard Wall Plug

For use when attaching light loads onto plasterboard partitions.

3. Cavity Fixing Wall Plug

For use with plasterboard partitions or hollow wooden doors.

4. Cavity Fixing Heavy Duty Wall Plug

For use when fitting or supporting heavy loads such as shelving and wall cabinets.

5. Hammer Fixing Wall Plug

For use with concrete block or brick walls, or walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to retaining wall.

6. Shield Anchor Wall Plug Heavy Loads

For use with concrete or brick walls, or for use with heavier loads such as TV & HiFi speakers and satellite dishes, etc.

Warranty Certificate

Congratulations! You have made an excellent choice of this quality product. Our commitment to quality also includes our service. Should you, contrary to expectations, experience defects due to manufacturing faults, **Meubilair Direct Imports** will provide you with a warranty against defects as follows:

Warranty

The product is guaranteed to be free from defects in workmanship and parts for a period of 12 months from the date of purchase. Defects that occur within this warranty period, under normal use and care, will be repaired, replaced or refunded at our discretion. The benefits conferred by this warranty are in addition to all rights and remedies in respect of the product that the consumer has under the Competition and Consumer Act 2010 and similar state and territory laws.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Proof of Purchase

This warranty is valid for the original purchase and is not transferable. Please keep your purchase docket, tax invoice or receipt as the best proof of purchase, and as proof of date on which the purchase was made.

Normal Wear and Tear

This warranty does not cover normal wear and tear to the products or parts.

Exclusions

This warranty does not cover:

- Any defects caused by an accident, misuse, abuse, improper installation or operation, lack of reasonable care, unauthorized modification, loss of parts, tampering or attempted repair by a person not authorized by the distributor.
- Any product that has not been installed, operated or maintained in accordance with the manufacturers' operating instructions provided with the product.
- Any product that has been used for purposes other than domestic use.
- Any damage caused by improper power input or improper cable connection.
