Important:

Please read these instructions carefully before use and keep for future reference.

- This product is intended for domestic use only and is not designed for commercial use.
- DO NOT assembly / use this item if any components are missing or damaged. Please contact the retailer straight away.
- DO NOT attempt to modify your item as this will void your warranty. Please call the retailer for required parts.
- Assembly to be carried out by a competent adult only.
- During assembly children should be kept away from the product due to possible risk of injury.

Please refer to separate Warranty Certificate for full warranty details and information.

Tips before you start:

- Please check that all parts are present before you start the assembly of your furniture. Please do not start to build your item if any parts are damaged as this may void your warranty. Please contact the retailer immediately so they can advise what you should do.
- For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.

ITEM CODE: 5401-WHT

Assembly Tips:

- 1. For larger items, please ensure that you have sufficient space and people (as indicated on page 1) to assembly your product safely.
- 2. We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
- 3. For the protection of your furniture, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
- 4. During assembly please take care not to over-tighten any fittings, as this may damage the product.
- 5. Always place the product on a flat, steady and stable surface.
- 6. Do not stand on the product. Do not use the product as a stepladder.
- 7. This product is intended for indoor, household use only as it is non industrial product.
- 8. Use of power tools is NOT recommended for assembling this product as over-tightening may occur and damage the product.
- 9. Due to the laminated finish of this item and the materials used to construct it, when first opening the carton and assembling a slight smell may be noticeable. This will dissipate over a short period of time. Please contact the retailer you purchased this item from if you have any concerns.
- 10. Please use caution and care when lifting the product to avoid personal injury and / or damage.

Care and Maintenance of your Furniture

- Please periodically check all fittings and re-tighten as necessary.
- To clean your item, please use a damp cloth and wipe clean. Never use harsh chemicals or strong detergents as this could damage the finish of your product.
- Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to de-laminate.
- Please do not place hot / cold item (e.g. hot drinks) directly on to the surface.
- Do not pull or drag your item. Ensure its evenly supported and lifted while moving it.
- Avoid placing sharp objects on the surface as this may scratch the surface. It is recommended to use trivets or coasters under flowerpots, vases and cups etc to avoid damage to your item.

ITEM CODE: 5401-WHT

Tips before you start:

QUICKFIT

Tighten quickfit until shoulder is flush with panel. Do not overtighten or undertighten.

CAM LOCK

When fitting cam lock, ensure starting position is correct before you insert connecting quickfit.

Quickfit head should be in the centre of the cam lock when the two panels are joined.

Cam lock should be inserted before quickfit.

Turn camlock clockwise to tighten.

HARDWARE LIST

CSK SCREW M3.5 X 15MM

EURO SCREW M6 X 13MM

SCREW (HEAD 11MM) M6 X 13MM

TH CB SCREW M4 X 16MM (RB)

JCBC(W) SCREW M6 X 40MM

WOOD DOWEL Ø8 X 25MM

9047975 BOLT DOWEL DU319 20X5MM

9064684 CAM 15/15

(1PC)WITH SCREW $(M3.5 \times 15MM) = (2PC)$

ITEM CODE: 5401-WHT

STEP 1

Insert dowel (F) into panels (1, 2, 5, 8, 9 & 10) as shown.

STEP 2

Take all panels (3 & 8) using a phillips head screw driver CAM PINS (G) as shown. Attach plastic door stopper (K) into panel (3) as shown.

ITEM CODE: 5401-WHT

STEP 3

Attach bottom panel (4) to panels (1, 2 & 5) using 40mm Screw (E) and attach metal leg (M) to panel (4) using Screw (C) as shown.

ITEM CODE: 5401-WHT

Attach panel (8) to panel (9) using CAM LOCKS (H) as shown.

TIP: Cams should be pushed deeply into the hole, they don't sit flush with the panel, this will ensure correct placement over the quick fit screw before they are tightened.

HX4

X2

STEP 5

Attach panel (10) to panel (8) using CAM LOCKS (H) as shown.

TIP: Cams should be pushed deeply into the hole, they dont sit flush with the panel, this will ensure correct placement over the quickfit screw before they are tightened.

ITEM CODE: 5401-WHT

STEP 6

Attach panels (8, 9 & 10) to panel (4) using 40mm Screw (E) as shown.

Note: Place screws randomly on the base so that it will tighten evenly. First screw them into place 3/4 of the way, once all in place proceed to randomly tighten each one until fully tightened.

TIP: The legs are designed to fit tightly over the base of the item for better strength and stability. A little bit of strength is required to push the dowels into position before screwing in the base

ITEM CODE: 5401-WHT

STEP 7

Slot the back panels (13 & 14) into the frame.

Note: With the help of a 2nd person gently guide the backing board into place. 1 person guides from the inside, the other from the outside until it has completely fallen into place on the groove. The top panel will not connect properly if the backing board isn't in place correctly.

Note: Always use atleast 2 adults to stand the item upright

STEP 8

Attach top panel (3) to body frame. Fasten into place using cam locks (H) as shown.

Note: Please always ensure cam's are correctly locked to secure and support your item. Refer to Camlock guidelines at the beginning of this manual for further information.

Note: Always use atleast 2 adults to carefully place the top panel onto the body frame.

ITEM CODE: 5401-WHT

STEP 9

Slot the shelf panels (6 & 7) into the body after fix in the metal adjustable shelf stud (N) on the holes as shown.

STEP 10

Attach hinges (J) to door panels (11 & 12) using screw (A) as shown.

ITEM CODE: 5401-WHT

STEP 11

Attach the handle (L) to door panels (11 & 12) as shown. Then attach the door panels (11 & 12) to panels (1, 2 & 5) using screw (B) as shown.

Note: To attach your doors to the cabinet, align the door panel and hinges with the screw guide holes on the side panels. A second person must help during this step. Attach the hinges plate with screws (B) as shown. The screw should be positioned into the middle of the oval holes on the hinges plate. If required they can be adjusted in the final step if you need to adjust door heights.

TIP: You might find this step easier if you loosely tighten all screws first into the hinges plate so that they can take the weight of the door and help to keep it straight before you fully tighten and complete the step. Hinges must be secured straight so that the door will function correctly.

Note: Ensure that there is a second person holding and supporting the door while the hinges are being installed to the side panel.

A. Lateral adjustment by screw adjusting

B. Vertical adjustment via slot in the mounting plate

02

C. Front-to-Back by the slacking the hinge arm mounting screw

ITEM CODE: 5401-WHT

HOW TO ADJUST YOUR HINGES AND ALIGN THE DOORS

Follow the adjustments and make sure the middle pin is correctly installed as per previous instructions. If the middle pin isn't correctly installed then this adjustment will not work correctly.

If you tighten/loosen this screw it will adjust the doors to the left/right.

This step usually takes small adjustments and then closing doors to see if the gaps have evened out. Sometimes just half a turn of the screw can make a big impact to the gap.

The hinges are correctly installed and in position once you have a nice straight gap down the sides of the cupboard between the door and the side of the cupboard cavity.

ITEM CODE: 5401-WHT

This adjustment is used if your doors have a big gap at the top or the bottom, or if one door sits straight but is lower than the other door.

Please loosen the screw to adjust the door.

STEP 2 Adjust the door.

After adjust, tighten the screw.

This adjustment is used if your doors are TOO CLOSE to the main cavity. You can loosen the screw and then move the door hinge closer or further out depending on the outcome you want to achieve

STEP 1
Please loosen the screw to adjust the door.

STEP 2
Adjust the door.

STEP 3
After adjust, tighten the screw.

ITEM CODE: 5401-WHT

STEP 12

Attach backply stopper (Q) to the back panels (13 & 14) using 15mm screw (A). Then attach pp strap (R) to top panel (3) with 16mm screw (D) as shown.

Note: It is really important to attach the backply stoppers correctly as this will help with the overall structure and stability of the item.

ITEM CODE: 5401-WHT

ASSEMBLY IS COMPELETE

WARNING

Serious or fatal crushing can occur from furniture tip over. To help prevent tip over:

- Install all tip over restraints provided with your product.
 Place heaviest item inside the lower doors.
 Do not sit TV's or other heavy objects on top of this product.
 Never allow children to climb or hang on drawers, doors, shelves.
 Never open more than one door at a time.

Use a tip over restraints may only reduce, but will not eliminate, the risk of tip over.

WARNING:

ENSURE THAT WALL STRAP IS ATTACHED TO AVOID SERIOUS INJURY

To avoid any serious injury, this product has been supplied with a wall strap to prevent toppling. We strongly recommend that this product is permanently fixed to the wall or other suitable surface. Wall fixing hardware is not supplied as different surface materials require different attachments. Please seek professional advice if you are in doubt of what fixing should be use. Wall fixings can be purchased from your local hardware store.

Wall Mounting & Fixing Guide

NOTE: Supplied wall plugs are only suitable for use in masonry walls.

If you have any doubts about using the correct plug for your wall, please seek professional advice. Failure of the product due to using incorrect fixings is the responsibility of the installer.

IMPORTANT:

When drilling into walls, always check for hidden wires or pipes, etc.

Tips & Tricks

Make sure that the hardware used is suitable for supporting your unit. Please consult a qualified tradesperson if unsure.

- If you are unsure, please select a larger screw and wall plug.
- Ensure that you use the recommended drill bit to match the wall plug and hole size.
- Take extra care when drilling high walls, ceiling and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid splitting or cracking.
- ☑ Ensure that wall plugs are well fitted and are a tight fit in the drilled hole.

Types Of Walls

Use one of the following typers of wall plug (not included) if your walls are made of brick, breeze block, concrete, stone or wood. Screws may be able to be fixed directly to solid wood walls as they will provide a secure anchor point.

1. General purpose wall plug

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

3. Cavity fixing wall plug

For use with plasterboard partitions or hollow wooden doors.

5. Hammer fixing wall plug

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

2. Plasterboard wall plug

For use when attaching light loads on to plasterboard partitions or hollow wooden doors.

4. Cavity fixing-heavy duty wall plug

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

6. Shield anchor wall plug - heavy loads

For use with heavier loads such as TV & HiFi speakers and satellite dishes etc.

Congratulations! You have made an excellent choice of this quality product. Our commitment to quality also includes our service. Should you, contrary to expectations, experience defects due to manufacturing faults, **Meubilair Direct Imports** will provide you with a warranty against defects as follows:

Warranty

The product is guaranteed to be free from defects in workmanship and parts for a period of 12 months from the date of purchase. Defects that occur within this warranty period, under normal use and care, will be repaired, replaced or refunded at our discretion. The benefits conferred

by this warranty are in addition to all rights and remedies in respect of the product that the consumer has under the Competition and

Consumer Act 2010 and similar state and territory laws.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Proof of Purchase

This warranty is valid for the original purchase and is not transferable. Please keep your purchase docket, tax invoice or receipt as the best proof of purchase, and as proof of date on which the purchase was made.

Normal Wear and Tear

This warranty does not cover normal wear and tear to the products or parts.

Exclusions

This warranty does not cover:

- Any defects caused by an accident, misuse, abuse, improper installation or operation, lack of reasonable care, unauthorize
 dmodification, loss of parts, tampering or attempted repair by a person not authorized by the distributor.
- Any product that has not been installed, operated or maintained in accordance with the manufacturers' operating
 instructions provided with the product.
- Any product that has been used for purposes other than domestic use.
- Any damage caused by improper power input or improper cable connection.
