

Assembly Instructions

Brighton - 160cm Buffet / Sideboard

Please read the Assembly Instructions carefully
before assembling.

Imported By PRODESIGN FURNITURE PTY LTD.

WARNING

FAILURE TO FOLLOW THESE BASIC STEPS CAN LEAD TO DAMAGE THAT IS NOT COVERED BY YOUR WARRANTY

1. Read instructions carefully. Check no parts are missing.
2. Lay out all of the components on a soft surface as if you were preparing to do a jigsaw puzzle.
3. Carefully identify each component, especially those that are similar. The most common mistake is getting things back to front.
4. Separate and identify each component from the hardware pack and rest each one in its proper location before fastening.
5. **DO NOT** fully tighten screws (leave slightly loose). When the item is fully assembled tighten the screws - but do not over tighten.

Warning: In order to prevent overturning, this product must be used with the wall attachment device provided.

Daily Care:

Water and other liquids can cause discoloration and damage to the surface. In case any liquids are spilled on the surface, remove immediately with a clean cloth. Avoid rubbing the spilled liquid into the veneer, but wipe gently, using a clean, firmly wrung damp cloth. If stains or marks persist, seek professional help and advice.

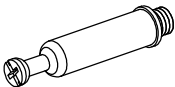

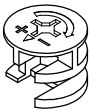

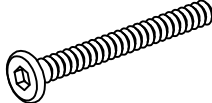

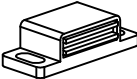

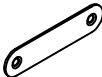

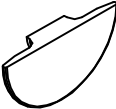

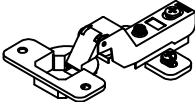

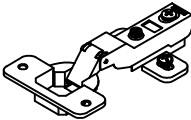

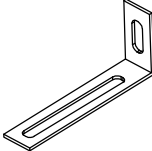

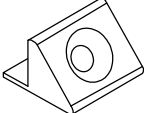

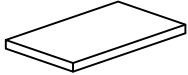

Wood expands and contracts according to the surrounding humidity and temperature. In case of temperature and humidity fluctuations, the wood might warp and/or crack. To avoid this, do not place the furniture near a radiator or in hot surroundings.

Take care when moving the furniture across the floor. Do not drag the furniture, as this can cause damage to both the furniture and the floor.
