---	---

Please follow instructions closely as deviation from these instructions may present a possible safety risk and may void your warranty.

It is recommended that assembly is done on a soft surface such as carpet to avoid any damage during assembly.

### CARE INSTRUCTIONS

Periodically check and re-tighten hardware.

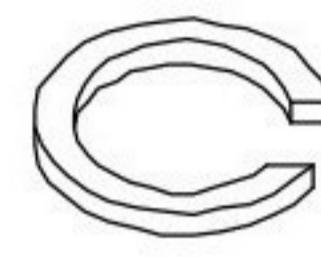

### PARTS

(A) 5/16 Bolt 8x

(B) Flat washer 8x

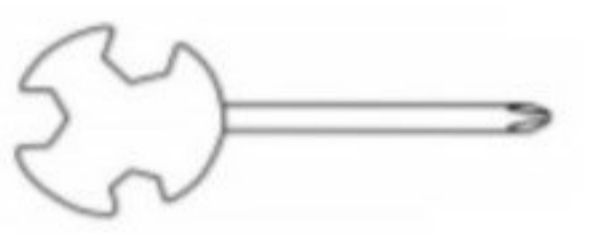

(C) Spring Washer 8x

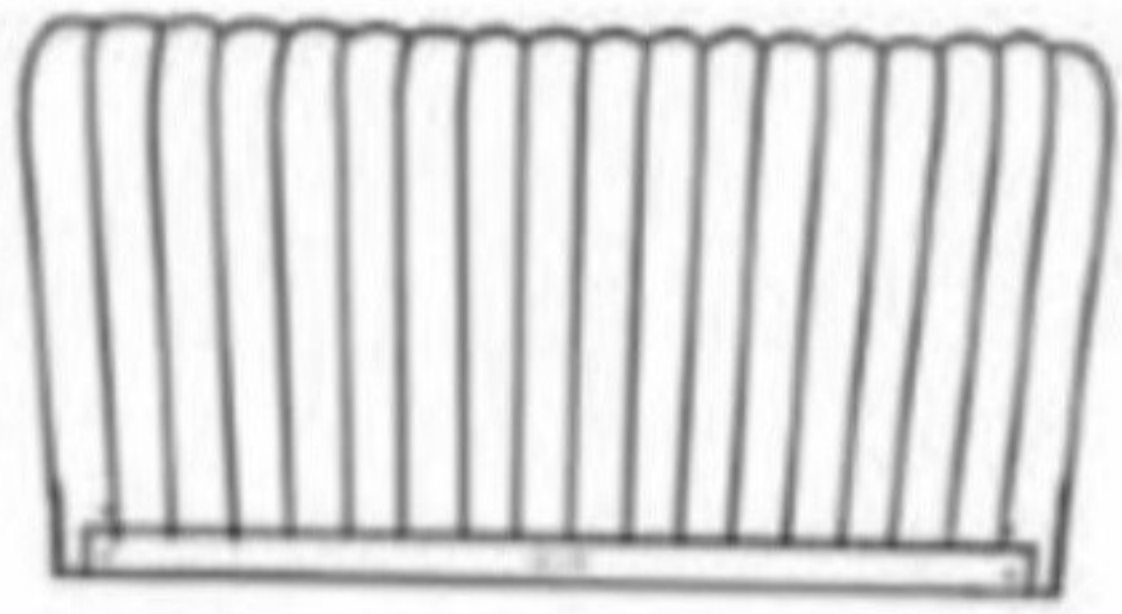

(D) Screw 52x

(E) Hex Key 1x

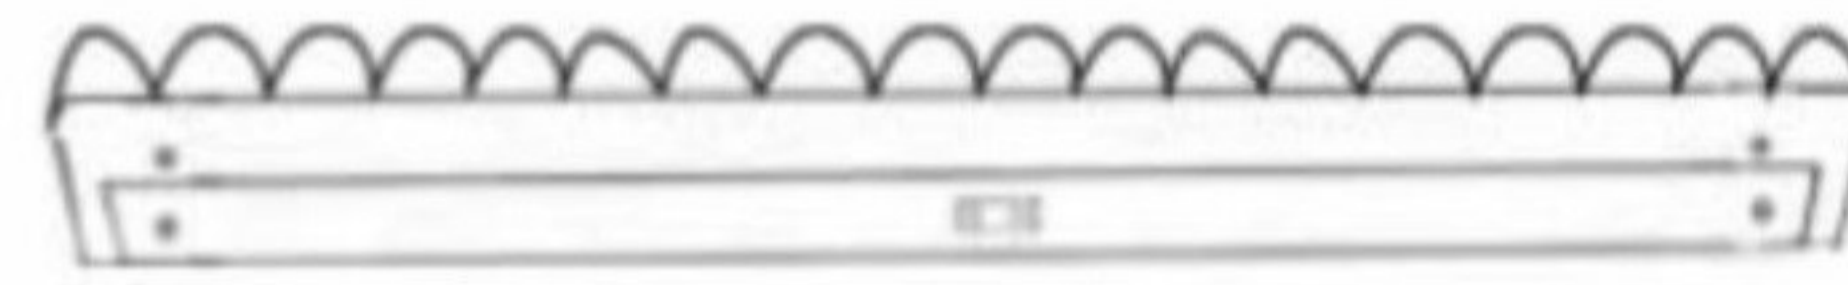

(F) Wrench 1x

(G) Headboard 1x

(H) Side Rail 2x

(I) Footboard 1x

(J) Center Rail 2x

(K) Roll Slats 1x

(L) Iron Legs 4x

(M) Middle Legs 4x

# ASSEMBLY

## Step 1:

Stand the bed onto a clean and smooth surface. Align the side rail(H) with the headboard(G) , tighten the bolt(A) , flat washer(B) , spring washer(C) with supplied wrench (F). Ensure flat washer(B) are close to bolt(A) head. Align the side rail(H) with the footboard(I), tighten the bolt(A) , flat washer(B) , spring washer(C) with supplied wrench (F). Ensure flat washer(B) are close to bolt(A) head. Suggest to tight 80% of each corner, and tighten 100% once 4 corners have been tightened.

## Step 2:

Carefully lay down the bed onto the clean and smooth surface. Attached the two iron legs(L) on the headboard(G) ends, another two iron legs(L) on the footboard(I) ends. Align the iron leg wholes with each ends, insert the bolt(A) , flat washer(B) , spring washer(C) and tighten with supplied hex key(E).

## Step 3:

Carefully lay up the bed. Hang the center rail(J) into two ends, headboard(G) middle bottom end and footboard(I) center middle bottom end. Press firmly into the places. Screw the middle leg(M) into the middle of center rail.

## Step 4:

Align all roll slats(K) into the bed inner frame, ensure they're evenly spaced and locked into the place over the wood blocks on the side rails(H) as show. Screw in each rail with screws(D). You may need to re-tighten all bolts after daily use.
