

**WARNING:
KEEP BUTTON BATTERIES OUT OF REACH OF CHILDREN**

- This product requires or contains button/coin batteries.
- Never allow children to handle or replace button batteries on any device.
- A button battery can cause **severe or fatal injuries in 2 hours or less** if swallowed or placed inside any part of the body.
- Regularly check products and devices with button batteries to ensure the battery compartment is securely closed. i.e. the screw or other mechanical fasteners must be tightened. Do not use product if battery compartment is not secure.
- Dispose of used button/coin batteries immediately by taping both sides, and safely place them out of children's reach in an outside bin or recycling facility. Button batteries can still be dangerous even when depleted and unable to operate a device.

If it is suspected a button/coin battery has been swallowed or otherwise placed inside any part of the body, immediately contact the **Australian Poisons Information Centre** on **13 11 26** (Australia) for 24/7 fast, expert advice. If your child is having any **difficulty breathing**, contact **000**.
