# Important Tips and Maintenance

- 

1. Keep children and animals away from working area as smaller parts may cause choking if swallowed.
- 

2. Never place liquids or anything damp upon furniture as it will mark. Ensure a coaster or running is beneath.
- 

3. To avoid fading, keep furniture out of direct sunlight.
- 

4. Never use ammonia based cleaning products as it will damage the finish.
- 

5. Use a soft or dry cloth when wiping or cleaning surfaces.
- 

6. Two person are required.
- 

7. Lay a soft matt down to protect the furniture piece before and during assembly.

So your relationship is strong. But is it flat-pack furniture strong? Unless you're an aerospace engineer, assembling furniture can be slightly stressful. We recommend meditating quietly, pouring yourself a herbal tea (or slightly less herbal wine) and tackling things one step at a time. If you feel a passive aggressive remark coming on, try a compliment instead. E.g. "You're so good looking."

This 9-step assembly should take around 55 minutes with an Allen key-or 35 minutes with an electric drill.
