Assembling flat pack furniture could be slightly stressful. We recommend treating yourself to a cup of tea and taking a short rest after a few steps have been completed. Few tips to the assembling:

*Get ready

Space / Protect / Light / Safety

*Pre-battle prep

It is not tackling Mt Everest or running an ultra marathon but needs a certain amount of calm.

*Sort it out

Divide up the pieces of furniture before you start into relevant piles. Sorting and counting the screws.

*Read up

The instructions are just pictures with arrows and numbers, but familiarising yourself with the flow of the work stops you from making mistakes.

*On your marks

Remember, slow and steady wins the race
