Installation Diagram

1

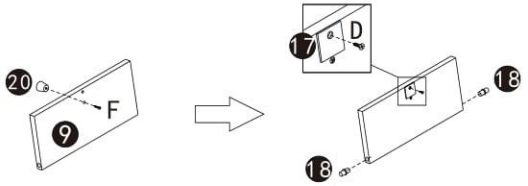

Use Screw D to fasten Door Stopper 15 onto the two panels

2

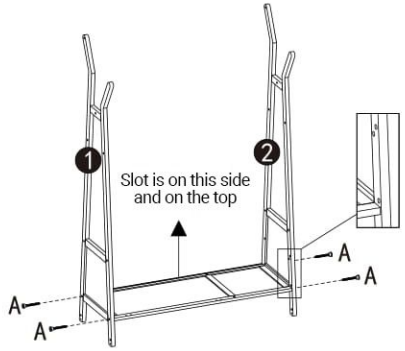

Use Screw F to fasten Handle 20 onto Door 12
Use Screw D to secure Metal Plate 16 and Hinge 14

3

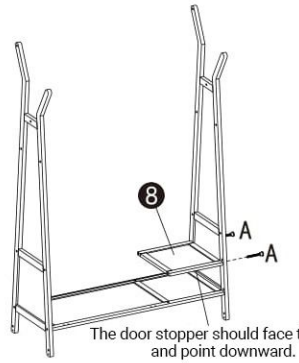

Use Screw F to fix Handle 20 onto Drawer Front 9
Use Screw D to fix Metal Plate 17 onto Drawer Front 9
Then insert Hinge Pin 18 into both ends of Drawer Front

4

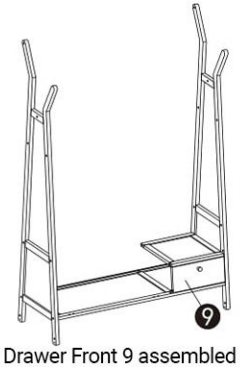

Use Screw A to fix Wide Panel 5 onto the two brackets

5

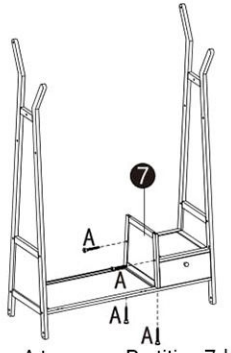

Use Screw A to secure Panel 8 with the door stopper installed in step 1

6

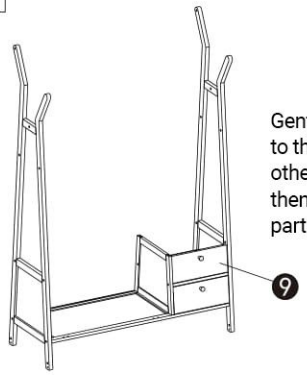

Insert Drawer Front 9 assembled in step 3
into the holes of the brackets

7

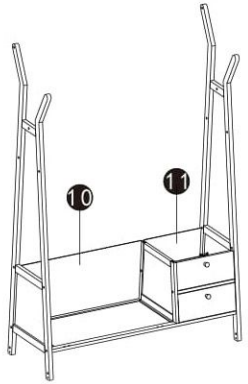

Use screw A to secure Partition 7, but note
that the screws should not be fully tightened

8

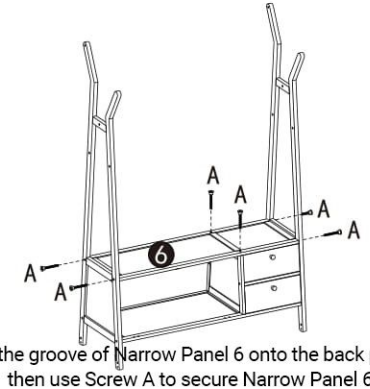

Gently bend partition
to the left, insert the
other Drawer Front 9,
then tighten the
partition screws

9

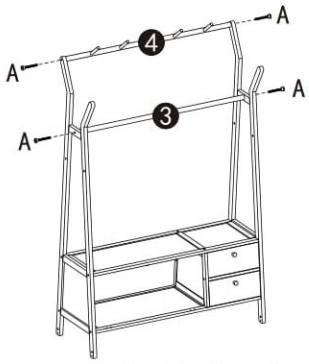

Insert Back Panel 10
and Back Panel 11
into the grooves of
the wide panel

10

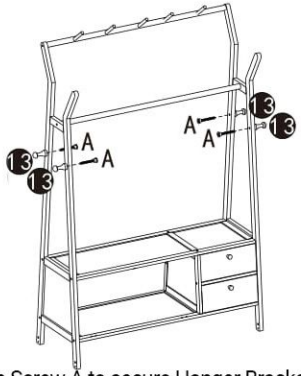

Hook the groove of Narrow Panel 6 onto the back panels,
then use Screw A to secure Narrow Panel 6

11

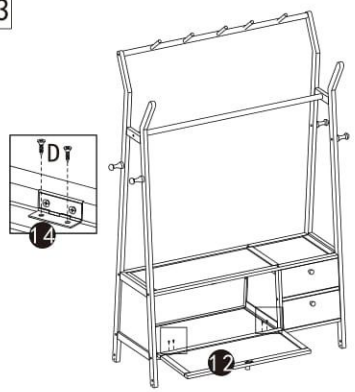

Use Screw A to secure Round Bar 3 and Hanging Rod 4

12

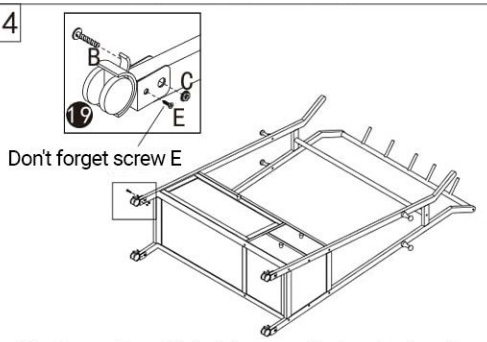

Use Screw A to secure Hanger Bracket 13

13

Use Screw D to secure
the hinges on the door
to the panel

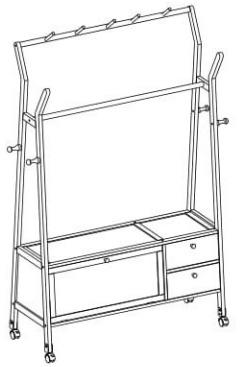

14

Don't forget screw E

Use Screws B and Nuts C to secure the four Casters 19,
and also use one Screw E underneath each caster for
additional fastening

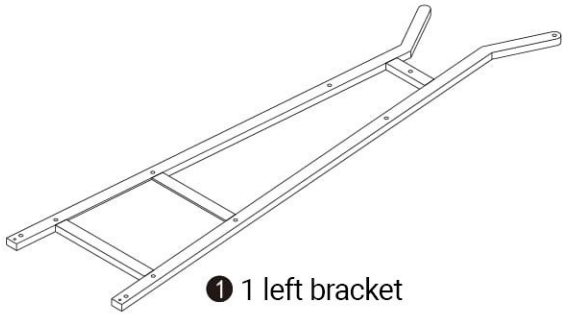

15

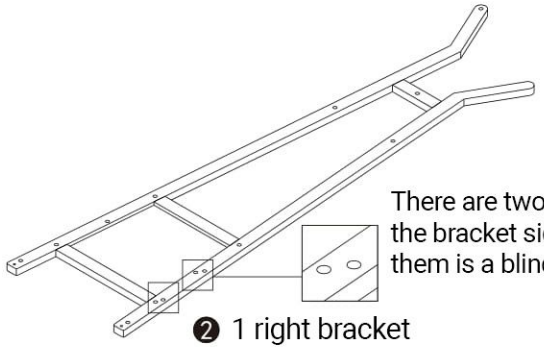

Installation
complete

After opening the package, first categorize the accessories according to the parts list. Once categorized, you can begin the installation.

Parts List
