

ATTENTION

- This storage rack is intended for indoor use only. Do not use this product other than what it is intended for or modify/alter any part of it. Otherwise, it may result in personal injury or damage to the product.
- The product must be strictly assembled and used in accordance with the provisions of this manual. Please check to ensure all parts are accounted for after unpacking. Please inform our Customer Service immediately if there are parts missing or damaged.
- It is recommended that the product be assembled by two competent adults. Please wear gloves when assembling the product to prevent any injury.
- Place the product on a flat and hard surface to ensure its stability.
- Do not attempt to shake the product after assembling.
- The rack should be placed against and attached to a wall. Please use only wall plugs and screws that are suitable for the type of wall. If unsure, consult your local hardware dealer for advice.
- Please keep away from water and electrical pipes when drilling into walls.
- The load on the shelves must be evenly distributed so that no harm can come to the shelves. Never exceed the maximum shelf load of the product.
- Do not place this rack in a room with high humidity to avoid damage to the MDF board shelves.
- Please wipe with a wet cloth and then use a dry cloth to remove all moisture during cleaning.

WARNING

- Do not climb or step on the rack.
- Serious or critical damage may be caused if the product tips over.
- This rack is not intended for children use. It is prohibited to let children climb or play with the rack to avoid any serious mishaps caused by any rack tip-over.
- Do not alter components or abandon the use of some components since such action will greatly affect the function of the product.
- To avoid the potential danger of suffocation, dispose of all packaging responsibly and keep it away from children.
