

LATIS RECTANGLE BATH

The Latis 1600 bath is a beautiful free-standing bath created from solid surface. It's luxuriously deep yet compact to complement both modern and traditional bathrooms.

The Latis 1600 bath was designed to partner the Latis trestle and basins to make a complete suite of luxury pieces for the bathroom. The bath and trestle vanity both have clean angled lines that contrast and complement the sculptural form of the basins. The bath is supplied with a white solid surface pop up plug and waste and has an overflow.
